Languages Understands Common but can't speak

Husk Body. The corn dolly can move through a space as narrow as 1 inch without expending extra movement to do so.

Uneasy Visage. While the bonded creature is holding the corn dolly, creatures within 10 feet of it have disadvantage on Wisdom (Insight) checks made against the creature.

Actions

Husk Cut. *Melee Weapon Attack:* +5 to hit, reach 5 ft., one target. *Hit:* 1 slashing damage plus 4 (1d8) psychic damage.

Blank Stare. One creature the corn dolly can see within 30 feet must succeed on a DC 13 Wisdom saving throw or take 10 (3d6) psychic damage. On a successful save, the target takes half as much damage.

Sowing Dread (2/Day). Each creature in a 15-foot cone must succeed on a DC 13 Wisdom saving throw or be frightened until the end of its next turn.

Reactions

Silent Protector. When a creature within 60 feet of the corn dolly fails a saving throw against an effect that doesn't deal damage, the corn dolly can suffer the effects of the failure instead of the creature. Senses darkvision 60 ft., PP 12

Languages Common, Sylvan

Trackless Step. The crooked hare leaves no tracks, or it leaves the tracks of a Large or smaller creature of its choice. If it isn't incapacitated, it can share the effects of this trait with another creature within 5 feet, and it can revoke the trait at any time (no action required for either).

Actions

While attached, the devil's glove can't make Tendril attacks against other targets. If the target is a creature, it has the poisoned condition until the start of its next turn if it can smell the devil's glove.

The devil's glove can detach itself by spending 5 feet of its movement. The target or a creature within 5 feet of it can use its action to detach the devil's glove.

Decaying Bloom (2/Day). Each creature in a 10-foot radius centered on the devil's glove must make a DC 12 Constitution saving throw, taking 9 (2d8) necrotic damage on a failed save, or half as much damage on a successful one. A creature that fails the save also can't regain hit points until the start of the devil's glove's next turn.

Bonus Actions

Symbiosis. The devil's glove forms a magical bond with a willing creature it touches. While bonded, the creature doesn't need to eat or drink, and it has advantage on saving throws to avoid being poisoned.
